## “Solid Values with a New Identity”

### GREETINGS,

**Masdar** was created to fulfill a need within the Saudi market for a company that supplies full range of building materials and provide solutions to the construction requirements with good quality, fast and fair pricing.

Our continued investment in our personnel, operations & support functions have played a critical role in the success we have achieved so far. We are endlessly striving to develop and train our talents and prepare them for future leadership roles, all-in-one to realize our nation's "Vision 2030".

By expanding Masdar's core activities, we aim to be the "One Stop" destination to provide full solutions & innovations to the building & construction sector. Along the way, we are determined to continue our success and meet any challenges raised by specialized demand or requirements. We attribute this success to the strong relationships we have established through our common-sense principles and business values with our customers and partners.

With our loyal stakeholder's commitment, trust and continuous support, we aim to retain our leading position in the market.

Best Regards,

Board Chairman

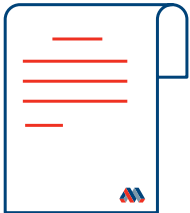

**Musaab S. Al-Muhaidib**

## Company's Strategy

- ✓ Expansion of the product portfolio.
- ✓ Persistent efforts to increase the company's market share.
- ✓ Targeting specific customer segments.
- ✓ Strengthening relationships with current vendors/suppliers & simultaneously developing new vendors/suppliers.
- ✓ Enhancement of Systems and Inventory management.

## OUR MISSION

Provide clients with the quality and most cost-effective products and services. The key factors contributing to our pursuit and achievement of our mission are:

- Quality.
- On-time deliveries.
- Customized materials.
- Stock levels.

# MASDAR TECHNICAL SUPPLIES PROJECT DEPARTMENT

**H**aving extensive experience in Saudi Arabia & the region in dealing with clients, Masdar Technical Supplies has 5 focus units:

FABRICATION

COATING

QUALITY CONTROL

CONSULTATION

SERVICING

# SERVICES

## MASDAR Technical Supplies offers the following technical services to our clients .

### FABRICATION

Masdar can fabricate customized fasteners based on the customer's requirements & drawings.

### COATING

With our in-house capabilities, we can coat fasteners based on your specifications and requirements.

### QUALITY CONTROL

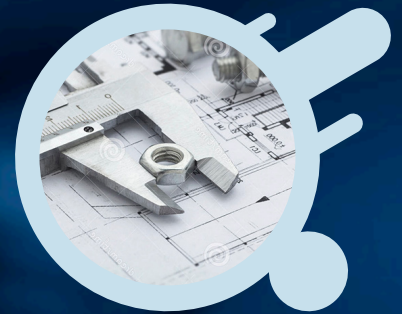

Quality control involves testing of all fabricated products and determining if they are within the international or desired standards. The purpose of the testing is to determine any needs for corrective actions in the manufacturing process.

### CONSULTATION

If you would like a 2nd opinion, Masdar has In-House engineers who can provide advice on your Fastener's design and requirements.

### SERVICING

Masdar can clean, cut, rethread, chamfer, heat-treat and service your Fasteners in our facilities.
